ABBOT CONRAD DIES AT ABBEY

HEAD OF CONCEPTION MONASTERY DIES THIS MORNING

WAS ABBOT 42 YEARS

Funeral Services to be Held Tuesday—He Was Born in Switzerland in 1853.

The Rt. Rev. Abbot Frowin Conrad, O. S. B., who for the past forty-two years has been Abbott of Conception Abbey, died at 12:10 o'clock this morning at Conceptica. Abbot Conrad had been in ill health for some time, but yesterday his condition seemed improved. He would have been 90 years old this coming November.

Funeral services will be held at 9 o'clock Tuesday morning. At this time priests will say office for the dead, to be followed by requiem high mass. The funeral sermon will probably be given by his successor, Abbot Philip or Abbot Conrad's brother, Abbot Ignatius Conrad of Subiaco, Arkansas, who will be here. Burial will be held at the Columbus cemetery at Conception. Father Pius, who is 75 years old is pastor of the St. Mary's Church in Maryville, is a brother of Abbot Conrad. Father Pius, Father Anselm, and Father Niemann of Maryville wil attend the services.

Coadjutor Abbot Philip now becomes Abbot of the Abbey. May 10, 1922, he was elected to that office by the 246 clergymen of the five abbeys connected with Conception Abbey, to attend to the business during the life and to succeed Abbot Conrad upon his death.

Abbot Frowin was born on November 2, 1833, at Auw, canton Argau, Switzerland, of pious parents, who gave the church five priests and to their country a statesman of national reputation. Having concluded his studies at various places in his native country, he joined the Benedictines of the abbey Engelberg, made his monastic vows on August 15, 1853, and ordained priest on September 14, 1856.

In the spring of 1873, the Rt. Rev. Bishop Hogan of St. Joseph invited the benedictines of the Swiss Abbey of Engelberg, canton Unterwalden, to establish a monastery in his diocese. The invitation was accepted and Rev. Frowin Conrad, O. S. B., and Rev. Adelhelm Odermatt, O. S. B., were entrusted by their abbot with the new mission. They arrived in St. Joseph in September, 1873, and the bishop gave them charge of the Catholic missions in Nodaway County and the surrounding counties. Father Adelhelm was made pastor at Maryville and Father Frowin became the head of the parish and monastery at Conception. Conception at that time, numbered ninety-five families.

The first care of Father Frowin at Conception, where he arrived on September 18, 1873, was to erect a suitable dwelling for the monastic family. It was a two-story frame building (twenty-five by fifty) which he dedicated on December 8, 1873. On Christmas night of the same year he began the recitation of the divine office, and on New Year's day, 1874, seven candidates from Europe were invested with the holy habit. Two years later, December 7, 1875, three Benedictine Sisters from Rickenbach in Switzerland opened a novitiate for nuns in a building close to the church, and took charge of the parish schools.

With the increase of the monastic family, the want of house room was felt more keenly every day. Finally in 1880, the west wing of the present stone and brick building was erected. On April 5, 1881, Pope Leo XIII crowned the monastic foundation by raising it to the dignity of an abbey, with the Rt. Rev. Frowin Conrad as its first abbot. As such he was blessed and installed on June 29, 1881 by the late Bishop Hogan of Kansas City, then Bishop of St. Joseph. His place in the parish was taken in November, 1881, by the present pastor, the Rev. Placid Schmid, O. S. B.

On May 12, 1882, the monastery was incorporated under the laws of the State of Missouri, and the name of "New Engelberg Abbey," which later on was changed into "Conception Abbey." The same year, 1882, saw the construction of a substantial convent and of an academy for young ladies. In 1883 the college for boys was built; in 1890 the girls' orphanage; in 1899, the parish hall; in 1902 a new boys' college, a new sisters' convent and sisters' chapel, one of the finest in the United States.

The church, which was built in 1889 and 1890 and the adjoining abbey at Conception from a square eight hundred forty-seven ft. in perimeter. Its many fine buildings give witness to the material growth of Conception.

For practically forty-two years, Abbot Conrad worked constantly for the development of his foundation.

AN ANTI-FASCISTI MEET

Has Been Called at Waterbury, Conn.—Papers Ardently Support Mussolini.

New York, March 24—Italian newspapers in New York, which had advocated the formation of a Fascisti organization in the United States, today reconsidered their utterances and refuted any effort upon their part to establish such an organization in the United States.

Simultaneously the Italian Chamber of Commerce took a flat stand opposing such an organization here. The three influential New York Italian dailies, which had advocated the organization but opposed it now are "Il Progresso," "Il Populo," and "Corrier D' America." These papers, though ardent supporters of the Mussolini organization in Italy, have publicly announced their opposition to Fascisti groups in the United States.

Swift upon the heels of these announcements following the talk of the Fascisti being organized in this country, came the announcement that an anti-Fascisti meeting would be held Sunday night at Waterbury, Conn., under the auspices of the American Civic Liberties Union.

confined to her room for some time. She would have been 97 years old this coming June.

Funeral services will be held at 2:30 o'clock tomorrow afternoon at Hopkins conducted by the Rev. E. C. Wright, pastor of the Methodist Church there. Burial will be in the Hopkins cemetery.

Mrs. Nicholson was born of Colonial Dutch parentage, June 26, 1826 at Meadville, Crawford County, Pennsylvania. During her life she has been a pioneer in three states of the Union. He first pioneering was in the great forests of Pennsylvania, her next was on the prairie of Illinois and the next on the prairies of Iowa.

August 15, 1849, Mrs. Nicholson was married to John Nicholson, a minister in the Baptist Church. For seventeen years she and her husband continued to live in her native state. Then they moved to Kane County, Illinois, and later to Champaign County, in 1869, where they lived on a farm near Rantoul.

The Rev. Mr. Nicholson died in 1881 and Mrs. Nicholson moved with six of her ten children to a prairie farm in Clay County, Iowa. Here the children grew to manhood and womanhood. By the year of 1907, the size of the family at the old home was so much reduced by marriage and death that Mrs. Nicholson decided that it was no longer necessary to maintain a home of her own. Accordingly she went to live with her son, Walter S. Nicholson.

Mrs. Nicholson was the youngest of a large family of children and was the only one living. Two of her sons and two of her daughters are also dead. She has thirty-five living grandchildren and forty-four living great grandchildren.

Interest Grows in The Society Contests

Nearly All Contestants Have Been Selected From Three Literary Organizations at the College.

Interest in the inter-society contests to be held at the State Teachers College April 26, 27 and 28, is beginning to grow. Practically all of the contestants from each of the three societies have been chosen and these are now working to perfect themselves in the contests entered.

It would be hard to state if any one society has an advantage in the contests. Possibly some one contestant will be stronger than the others, but it is doubtful if any society presents a group of entries strong enough to carry off all of the decisions of the judges.

FLOODS FEARED IN RISE OF MISSOURI

OMAHA TO WARN RIVER FRONT RESIDENTS.

CE GORGE IS UNBROKEN

Thousands of Hogs Have Already Been Swept Away—Homer, Neb., Fears Another Disaster.

Omaha, Neb., Mar. 24.—With reports here that the Missouri river is rising because of a new ice gorge around Homer, Nebr., Omaha industries and residents along the river front are today laying plans for immediate evacuation.

The rise of the river will be sudden, if at all, it is said.

Thousands of hogs have been killed and washed away by the river, according to reports reaching here today.

DEMAGOGIC JUGGLERY

(St. Louis Post-Dispatch)

Gov. Hyde yielded to political considerations in signing the tax-reduction bill. Protesting that it was a mistake, that it would hamper public education and other important State functions and would help the rich rather than the poor, the Governor signed the bill on the ground that the Democrats had won the recent election on a platform of tax reduction and the the people had voted for deduction.

The issue was admittedly political and the Governor played the game, regardless of public interest. Both parties will be responsible for the consequences, although the primary responsibility rests upon the Democratic Legislature, in whose decision the Governor acquiesced under protest.

Gov. Hyde however acted with good judgment and courage in vetoing the bill creating the Department of Hevenue and Disbursements, which was designed to take the place of the Tax Commission, the abolition of which the Governor has vetoed. The new department lacked the power to deal with realty assessments.

No appropriation has been voted for the Tax Commission and the responsibility for providing it with funds with which to function or of depriving the State of a department charged with the duty of collecting franchise taxes rests with the Democratic majority.

Politics has got the State into a mess. The Legislature can do something to remedy the situation by supplying the Tax Commission with funds, but the people will suffer the major consequences. In the matter of taxes the public welfare has had slight consideration in the demagogic jugglery of partisan politics.

One of the tragedies of the world war is the suffering and possible extinction of the proud little nation of Montenegro. Montenegro was the first of the allies to take up arms in defense of its neighbor Serbia. They lost one half of their fighting men and one-third of the population has perished through famine and privation. While millions have been sent to aid the larger nations the people of "the Black Mountain" have been overlooked and forgotten. Montenegro stands out on the map as a tiny white spot of Christianity surrounded by a great sea of Turkish barbarity. Through all the centuries this hardy race of clean living mountaineers has successfully resisted the attacks of the Turkish barbarian hordes but her stores, homes and fields were destroyed by the great German machine. They have never begged and have not learned the arts of the modern propagandist.

The Three Stages of Fear

To every one whose lot it is to be among the average and to experience the average trials of life, there are three great stages of fear. First is the fear of childhood: the bogey man, of darkness, of material objects. It is the time when mother is the only solace. It is the time when the shaggy dog and the queer-looking man send terror through our hearts. It is all imagination, but it is fear.

And second is the fear of youth. To many this fear is varied, but to the average it is the same. But let me tell the fear of youth—my fear—later in this article.

The third fear of life is the fear of age. It is the fear of the business man for his business. It is the fear of a man for a more weighty concern. It is perhaps a more mature fear, a fear of more worldly worth, but it is not one degree more sincere nor one degree more worthy than the fear of childhood or of youth.

And now let me tell you of the fear of youth, of the fear under which I and all others of my age live. The fear of youth is past the fear of childhood with its material and spiritual haunts; it has not yet reached the fear of age. The fear of nineteen is the fear that acquaintances will consider him—nineteen; the fear that acquaintances will consider him the nineteen of Tarkington's and others' pens. It is the fear of being considered a child or a "kid." Nineteen wishes to be considered upon the threshold of manhood. He wishes to be considered a man with a youth's body. He dislikes to be babied; he wishes to be thought handsome; he wishes to be considered refined, cultured, and, most of all, sophisticated. He wants to be thought blase and well informed of the shadowy part of the world. He wishes to be known as leading a double life, to be considered a Dr. Jekyll and Mr. Hyde.

That is the fear of youth. It is the fear that rests upon and overlaps the fears of younger and older life. It is more heart-rending than either of the others, and means as much to the individual's happiness as both of them together.—From "The Point of View" in the April Scribner's.

The Fayette Advertiser reports the following: Some children asked their mother if they might remain in the house and play store. "Yes," said the mother, "but I have a headache, so you must be very quiet." "Oh, all right, mamma; we'll pretend we don't advertise," said one of the youngsters.

In Loving Memory of Barbara Ruth Smith.

Barbara Ruth Smith, small daughter of Mr. and Mrs. Henry Smith of near Quitman, was born on July 5, 1918 and died on March 20, 1923 at St. Francis hospital at Maryville, Mo., after a lingering illness of flu and pneumonia. She leaves to mourn her loss, her parents and sister and brother, Neva Chloe and Joseph Lawrence, besides a host of relatives and friends.

The funeral was held at the house at 11 o'clock on Wednesday morning and buried in the Quitman cemetery.

Precious one now safe in Glory,
From a circle broken now,
Follow where her little footsteps
Leave their soft and shining glow.
For the precious pearl He gathered,
From His wreath of earthly gems,
Now a brighter star is beaming
Far in Heavenly diadems.
Four sweet happy years had circled
O'er our darling's little head;
Four sweet summers only o'er her
Had their mantling glory shed.
She hath sported mid the flowers
As with little comrades dear,
Now in fadeless Ameranth bowers
Fairer blooms she finds than here.

Brighter, fairer far than living
With no trace of grief or pain,
Robed in everlasting beauty
We shall meet our darling there.
For our loved and lost are looking
For us through the mists of time,
We shall meet with fond embraces
When we reach that blissful clime.

Miss Eila Farrell and Tom Farrell will go to Burlington Junction tonight to spend the week end with their parents, Mr. and Mrs. Tom Farrell.

Sergeants Eligible for U. S. Courses

Which Make Them Capable of Filling Commissions In Battery and Officers Reserve Corps

Formal notice has been received that the sergeants of Battery C, 128th field artillery, located in Maryville, are eligible to enroll in the government correspondence course under the supervision of Captain Ruffner, instructor in field artillery, located at Sedalia.

This course tends to fit these sergeants for commissions in the battery in case of a vacancy and also makes them eligible for commissions in the officers reserve corps.

This correspondence course will likely be overseen by Lieut. Rolf Raynor of Battery C. and it is probable that the course will be taken in the class method that all who enroll in it will meet at stated periods and study the work together.

Those who are eligible to take the course are sergeants Messmer, Dalrymple, Mapel, Renfrow, Mayes, Donahue, Garten and O'Banion.

All of the equipment for Battery C with the exception of the heavy ordnance has arrived in Maryville and is now stored at the armory on North Buchannan street.

OBITUARY.

Mrs. Margaret Hansen (Bolin) was born January 29, 1872, at the present home of her parents, 8 miles south of Maryville, Mo. Died March 12, 1923, at the home where she was born, aged 51 years, one month and twelve days.

During the month of September, 1912 she accepted Christ as her personal Savior and united with the White Cloud Baptist Church in which faith and church relations she remained faithful, active and energetic until death called her away.

On the 10th day of September, 1922, she was united in marriage to Mr. John Hansen of Barnard. While this union was brief the sacred tie so soon severed, yet it was one of sunshine and happiness that death only could dissolve.

Sister Margaret was indeed a noble spirit. She was the Doreas of the White Cloud church and community. She was loving, tender, affectionate, accomplished and capable. Hopeful and trustful to the last moment of her life.

She leaves a faithful, devoted and loving hasband, heart stricken parents, five brothers, one sister, together with a large circle of relatives and friends to mourn her untimely death.

Funeral services were held at the home where she was born, lived and died at 2 p. m., March 14, 1923, conducted by T. J. Puckett.

Dearest Sister, thou has left us;
We our loss do deeply feel.
But it's God that hath bereft us;
He can all our sorrows heal.

Mound City to Pave Eight Blocks Soon

City in Holt County Takes Forward Step in Direction of Progress and Development.

Mound City again takes a forward step in the direction of progress and development, in the awarding of a contract for eight more blocks of paving, says the Mound City News-Jeffersonian. The bids for this work were opened by the council of that town last Thursday, and the contract was let to Haller & Davis, of Boonville, Mo.

The work will begin within thirty days after the contract is approved, and is to be completed within sixty days after work begins.

Under the terms of the contract, Haller & Davis are to receive $2.75 per square yard for concrete pavement averaging 6½ inches in thickness; and for the part where pavement is 7 inches in thickness, $2.95 per square yard. For the curbing they are to receive 75 cents per running foot; for the grading, 70 cents per cubic yard; for surfacing and finishing, 30 cents per square yard.

The total cost to the property owners will be approximately $6.55 per front foot, for the completed pavement, 24 feet wide.

It might be asked, when is Maryville going to pave? It has been a number of years since any paving has taken place here.

A PLEASANT PLACE FOR GENTLE FOLKS.

To My Friends of Polk Township:

Having just made my annual settlement, I am proud to inform my friends of the township that the county court highly complimented my books and record as Collector, saying that my collections of the taxes of this township show the second lowest delinquent in percentage of any township in the county.

This, I am proud to say, is a good record, considering the large township and many transient taxpayers, as a large part of this delinquent comes from citizens living only one year in Maryville and then moving out of the town and township.

I am doing my best to serve the township and ask your support next Tuesday.

Sincerely your servant,

Mrs. Bess C. Thorp

I Want Your Support

I am the Republican candidate for Constable of Polk township and your support at the election next Tuesday will be appreciated.

If I am elected to this office, I shall give my time to the duties it imposes during the two years' term.

Rosendale Quintet Completes A Successful Basketball Season

Playing a season with 29 victories and 5 defeats, amassing a total of 1563 points to 739 for their opponents and winning four tournaments the Rosendale High School basketball team has completed an ultra-successful season.

It will be remembered that it was this team that fought it's way through the class B tourney at the State Teachers College last week and won the title in a hard fought game with Pickering by a score of 22 to 19. It will also be remembered that it was Hewitt, the captain, who broke into the all-star team and Housman a team-mate, who placed on the all-class B team.

Beginning with basketball early in the fall the Rosendale team started out to win by copping the Fourth Annual Basketball Tourney held at Rosendale at Thanksgiving time and continued in this vein by taking consecutively the Tri-County Tournament at Mound City, the Andrew County Tourney at Savannah and wound up by winning the class B tourney here in Maryville.

That's quite a record and one to be envied.

CENTRAL LOSES TO SEDALIA, 20-22

CENTRAL MISSOURI QUINTET UPSETS THE DOPE

N. W. MO. OUT OF RACE

For the State Title In Tourney Being Played at Warrensburg Between District Winners

Northwest Missouri is out of the race for the championship of the state in basketball. In the tournament being held at Warrensburg between the four winners of the district tourneys the Sedalia High School quintet last night won from the Central five in a thrilling game, the score being 22 to 20.

The game from the winning and losing standpoint, was an unset in dope. Central was generally conceded to have the strongest team in the tourney and many fans predicted that the Blue and White of St. Joseph would cop the state title.

However the merit of Sedalia was not overlooked, just a little underestimated.

In the first game of the tourney the Houston High School team won from the Jackson quintet by a score of 28 to 17. Tonight Houston and Sedalia will play for the championship and Central and Jackson will play for the consolation cup.

With the defeat of Central in the tourney the hopes of Northwest Missouri went glimmering away in the air. It was hoped and believed that this section of the state would be the home of the title for this year at least but an upset in dope blew the whole thing higher than a kite.

And from all indications the title and all that goes with it will go to central Missouri. Sedalia won the high school tourney held there and unless something out of the ordinary happens the Houston five should be "grapes" for the victors over Central.

The score:

CENTRAL (20)		SEDALIA (22)
H. Welsh, f		f, Couey
G. Welsh, f		f, Yunker
Kiddoo, c		c, Mayberry
Stuber, g		g, Mudd
Schaaf, g		g, Jackson

Field goals—Kiddoo, 3; H. Welsh, 2; G. Welsh, 1; Couey, 4; Younker, 2; Mayberry, 2; Mudd, 2. Foul throws—Stuber, 8; Mayberry, 2.

Tarkio to Have 2 Good Track Meets

The Tri-State as Usual and in Addition the M. I. A. A. Annual State Meet.

Tarkio College will be the host of two good track and field meets this spring according to an article in the Tarkio Avalanche. The first of these meets will come on April 4, when the annual Tri-State meet will be held. Interest is growing in this meet year by year and it is believed that the entry list this year will far exceed all others.

Then the other meet, the cream of the milk, will come on May 18, when the schools of the Missouri Intercollegiate Athletic Association will send their teams to Tarkio to vie for honors on the track and field.

This meet is the classic of the year for the colleges of the state and Tarkio is planning for a gala time when the pick of the college track men of Missouri will be in that city.

Tarkio College is figuring strong as a candidate for the winning honors of the meet as Coach Giblette has the best material that he has had in his experience as the Tarkio mentor.

Just as strongly is the Maryville aggregation figuring on making a strong showing. Coach Maynor too, has a large following of tracksters this spring and his prospects shine as the mid-day sun. With George Smith, Walter Smith and Davenport, recruited from former Maryville high school teams and a wealth of other material the locals should make a good showing, also.

This year they will be strong where they were weak before, in the hurdles and the dashes.

Assembly Will Adjourn on Monday

Jefferson City, March 24.—Final adjournment of the Fifty-second general assembly will come Monday noon, according to a concurrent resolution by Senator Farris, majority floorleader, which was passed by the senate late yesterday and adopted by the house last night.

A similar resolution which indefinitely postponed consideration of all bills on the informal calendars after 10 o'clock last night was offered in the house yesterday afternoon by Representative Whitaker was adopted.

This will allow many of the members to leave late today or Sunday, without waiting for the final gavel. Those on committees and officers, will stay, in all probability even after Monday, but the session will be officially over. Clerks and others will not get through until the end of next week.

Hopkins Journal

The Journal has been printing egg and chicken stories lately and we have read accounts of records in other papers but so far have read of or heard of nothing that will compare with the record of a former Hopkins girl, now Mrs. Bell, who was formerly Miss Alice Lewis. In a recent letter to her brother, Oliver Lewis, the druggist, she spoke of her chickens, saying she had 8000 hens and that she had gathered as high as 6,000 eggs a day and was now getting more than 5000 eggs on an average daily. She and her husband are located near San Gabriel, and are getting rich in the poultry game. The fruit crop is becoming so uncertain on the Pacific coast, people are turning to other lines, and the poultry industry is being taken up in many localities.

The Burlington railroad company seems to always be ready to do the right thing when the occasion requires it. A south bound train recently struck the wagon of N. Orme while he was crossing the tracks at the Hopkins mill, injuring him slightly and crippling one horse so badly that the animal afterwards died. Mr. Orme attached no blame to the company and asked for no damages, but in the due course of time the company sent him a draft for $120.

Mrs. Thomas Lewis and little son, of South Bend, Ind., are here, called by the serious illness of her mother, Mrs. Josephine Sobbing, who has pneumonia. Mrs. Roy Hanna, another daughter, has been at her mother's bedside the past three weeks.

Burlington Junction Post

Mr. and Mrs. J. G. House on Tuesday completed the transaction for the sale of their modern bungalow residence property in the northeast part of town, the purchaser being Mrs. Mae Staples. Frank Manes, who several days ago suffered several broken ribs when a mule crushed him against the side of a barn, injured himself all over again Monday. He was in the basement at his home repairing a water pipe, and hurt himself so badly that it was necessary to call a physician. Mr. Manes' mother, Mrs. R. W. Manes, injured one of her hands painfully when going down the steps to the basement to assist Frank, when she found that he had injured himself again.

Henry Willhite's barber shop came near burning a little after seven o'clock this morning. He was generating his water heater when it caught fire and the blaze went to the ceiling in a hurry. One hundred and fifty pounds of cat fish has been ordered for the big fish fry to be held in the Barnard I. O. O. F. basement by the M. W. A. men in a big celebration Saturday night. The Woodmen's wives and families and their sweethearts are invited, as well as the Royal Neighbors.

Mr. and Mrs. D. B. Clawson was married fifty years ago Tuesday.

Frank Bolin finished a house for Rankin Lyle, five miles south of Maryville, a week ago. Bolin is working a gang of men composed of himself, Al Bolin, Ed Breit, and Floyd Westfall.

While making a fire at the schoolhouse last week, E. R. Nelson, had the misfortune to run a nail in his face. He was working some old boxes into kindling and was trying to split a board with his hands when it gave way too quick and struck him in the face, resulting in this injury. On the first of the week, while making a fire, he had another board strike his arm, cutting it so that it was necessary to take several stitches to close the wound. Evidently a case of inexperience in making fires.

Guilford Times.

The M. W. A. Lodge of Guilford presented Friday night a home talent play "Thompson of The Pines." A western comedy drama in three acts. The play was written by George Gorman of Maryville, who is the director.

T. Medsker went to St. Joseph last Wednesday to have the left side of his face treated by a specialist. He is suffering from what the doctors call facial paralysis, and it is very painful.

On Tuesday, Postmaster W. T. Ross moved the postoffice from its old moorings to the first door east of the Bank of Guilford, and installed his new lock boxes, which are fine look and safe.

A convention of the young people of this district will be held Sunday at the Methodist Church, under the auspices of the County Sunday School Association. There will be some of the county officers present. Perhaps G. B. Roseberry, president of the association, Miss Eva Davis, secretary, and Miss Bertha Anderson, superintendent of a department.

M'MURRY SELLS BUICKS 11 YEARS

A 11-YEAR-OLD BUICK IS STILL IN USE

A MILLION BUICKS MADE

Company is Celebrating Event To-Today—Many Want the Millionth Car

Eleven years ago Geo. McMurry started in business in Maryville selling Buicks to the "motoring public." The first Buick sold in Nodaway County went to George Moore, who then lived in Graham but later moved to Maryville. The car was sold in 1907 and Mr. Moore used it until 1917. He would never take it to celebrations, fairs or gatherings of people, for it would always create a near-panic in scaring horses and arousing the curiousity of people.

In 1912 Mr. McMurry sold a Buick to Frank Craig of Bolckow and the "old boat" is still in use now as a truck with a truck body on it.

Today the Buick Company announces the receipt of the order for the millionth Buick car to be manufactured since the inception of the company.

"As requisitions for the millionth Buick car have come from so many of our branches and distributors, and dealers as well, it will for the present to remain unsigned."

Thus General Sales Manager E. T. Strong of the Buick Motor Company today disposed of the question as to ultimate destination of the smart model 55, six cylinder sport touring car bearings upon its frame the imposing number plate of 1,000,000.

"Of course they all want this car. Not primarily for sentimental reasons for an intensely practical one, its advertising value. So we feel we cannot let anyone have it without being accused of discrimination."

While there may be less of sentiment than business acumen in the desire on the part of Buick dealers to possess the millionth Buick car, there is no question that sentiment predominates in the reception of this car on the part of Buick employees. Thousands of the latter have worked on Buicks ten years or more and feel a personal pride in the accomplishment of the million mark. They stand about in groups, looking fondly over this millionth Buick, and a flood of interesting recollections find expression.

Starting with the head of the organization down to the humblest of the ranks, you will find many men who have "lived" with Buick since the days when the future of the automobile was still a matter of grave doubt.

H. H. Bassett, now president of the Buick Motor Company, was in 1907 General Superintendent of the Weston-Mott Axle Company, which had a plant adjoining that of the Buick and built all of the axles for that car. In 1914 Mr. Bassett became General Manager of Weston-Mott and in 1916, when the latter was merged with General Motors, he became assistant General Manager of the Buick. In 1919 he became President and General Manager. Thus Mr. Bassett has taken a prominent part in the production of all but about 4000 of the Buick million.

Then there is Cady B. Durham, who was made Assistant General Manager upon Mr. Bassett's acquisition to the presidency in 1919. Mr. Durham came to the Buick in the early days as Assistant Superintendent of one of the many units. Later he was promoted to General Master Mechanic, then to General Superintendent, and finally to his present position next to "the throne."

Some of the other present "key" men worked on the first Buick built after the incorporation of the Company in 1903, twenty years ago. One of them worked on the drawings of experimental Buick cars as far back as 1896. He is E. C. Richards, at present Research Engineer.

William Bearcraft, manager of the motor department, built the engine for the first Buick car. At that time the employees of the company numbered less than one hundred. C. J. Ross, General Factory Superintendent has taken a more or less prominent part in seeing through the plant more than 985,000 cars. Chief Engineer E. A. DeWaters came to Buick in 1905 and F. A. Bowers, his Chief Assistant, shortly afterwards, so that the modern Buick car is largely due to development under their guidance. In the ranks there are several hundreds whose service covers a period of more than fifteen years.

In the sales department, E. T. Strong, now General Sales Manager, has assisted in the disposition of more than 900,000 Buicks. He was first employed as a special travelling representative, then as Branch Manager at Buffalo, Indianapolis, and Chicago, respectively. In 1916 Strong stepped into his present position. Since then, under his direction, more than 750,000 cars, or three quarters of the total Buick production, have been marketed.

In the field organization throughout the country a similar situation prevails. Practically all the Buick branch managers and distributors have been with the company more than ten years and some of them considerably longer. All of these men have done their "bit" in achievement of the million mark and naturally are imbued with a high degree of personal pride in the accomplishment.

Last Run After 53 Years' Service

George Bemis, Indianapolis, Ind., railroad engineer for fifty-three years, is shown boarding his engine for his last run. He never made a run without first kneeling in the cab of his engine and praying that the Lord might help him to bring his passengers safely to their journey's end. Bemis retired from service in the Big Four at the age of seventy years and without an accident in the fifty-three years' service.

Board Head Dies at Moberly Friday

Moberly, Mo., March 24—A. C. Dingle, mayor of Moberly and president of the Missouri state fair board, died at a hospital here yesterday morning following a short illness of gangrene. Several weeks ago Mr. Dingle bruised a foot at Governor Hyde's military ball. The injury gave him much trouble, but apparently had been cured when infection set in.

Mr. Dingle was born in Audrian County. He came to Moberly thirty-five years ago and since had been identified prominently in hotel and other business enterprises. He was elected mayor of the city in 1903 and 1905 and again in 1921. His present term would have been completed in three weeks.

He recently was elected president of the Iowa-Missouri-Minnesota Fair Association. At one time he owned a stable of race horses.

A widow and one daughter, Mrs. Ralph Bowman of Cincinnati, survive.

C. D. Bellows of Maryville who is a member of the state fair board has known Mr. Dingle for several years. It was only a few weeks ago that Mr. Bellows attended a meeting of the board called by Mr. Dingle at Moberly.

Pig Club Meetings Were Postponed

The pig club meetings which were to have been held at Barnard and Guilford today were postponed until next Saturday on account of bad roads. At that time R. A. Kinnaird will show the government films, 'Texas Trails to the Table,'' which deals with beef from the time it leaves the herd until it is served at the table.

The Barnard meeting will be held in the morning and the Guilford meeting in the afternoon on Saturday.

Price Doyle is in Kansas City today on business.

Mr. and Mrs. C. T. Barrow went to St. Joseph today.

An Old Landmark Was Torn Down at Barnard

Second House Built In That Community Dismantled and Now Not In Use

(Barnard Bulletin)

An old landmark has been dismantled and is thrown into disuse. The log house on the Dr. Larrabee place, south of the road adjacent to Barnard is now to be used no more after nearly eighty years of service.

Frank Alumbaugh told us that the old house as he remembered it about the year 1850; was owned by Singleton Wood, who was an uncle of J. A. Dearing and who was a slave owner. He thinks the house was built shortly after the year 1838 and was the second house to be built in this part of the country.

The house was made of logs, closely fitted together and planed with an axe. The door casings were made of logs hewed smooth. The floors were of oak and were planed with an axe and were unusually smooth. The house was built before a sawmill was in this territory, for there was not a sawed board in the main structure of the old house.

Mr. Alumbaugh said that it was on the Singleton farm that he saw his first threshing machine and his first negro. The threshing machine simply beat out the grain and chaff together and it then had to be run through a fan mill to remove the chaff.

Singleton had five slaves, three men and two women. These slaves lived in a small house just south of the old landmark and it has long since been torn down. One of the slaves, "Aunt Becky," after the war, went to the home of Al Dearing, where she lived until she died.

Singleton also had an icehouse under the ground and many people came from miles around for ice in case of sickness. During the war he left for the south.

Prof. C. C. Gardner is in St. Joseph today.
